RECOMMENDATIONS FOR FUTURE EVENTS AS OF 11 NOVEMBER 2023:

1. Please provide your venue's AHS Protection Protocol Policy (We can distribute a simple template for this in due course if required)
2. Please kindly let us know your venue's Action Plan for horses' shelter in the event there is extreme weather at one of your events.
3. Please provide your venue's Emergency Protocol Policy (We can distribute a simple template for this in due course if required)
4. In the absence of a shelter - please advise how stewards will be protected against rain whilst working in the warm up arena – A suggestion would be as simple as a gazebo.

This notice and supporting documents will be submitted to the Technical Committee, distributed to Club Reps and uploaded on EFE website for reference as required. We look forward to receiving reports for accreditation/re-accreditation for dressage and eventing at Scotts Ranch in due course.

Kind Regards
